Training & Placement Cell

The Training & Placements Cell of the University was established in August 2015 with an objective to continuously help students in pursuing their career goals by acquiring employment-seeking skills and ultimately to attain desired employment.

The Director, the Placement Cell, before placement drive, visits Companies, Industries and Professional Enterprises and present a short presentation on the Placement Cell, potential and skill-set having its students, and then plans placement drives/activities accordingly.

The Placement Cell inform the prospective students about the schedule of placement drives timely so that they can do registration and participate in internships and placement drives. This enabling the Student to more focused and clear in their objectives of their future employability.

It is crucial that the field of education keeps evolving in stride with the globalization of the developing world. Such progress in this vital field can only be made through the collaborative effort of educators across the nation and world towards developing more opportunities for higher education and maintaining high standards for various fields.

The main purpose of the channels of collaborations is the mutual growth and benefit of the students, catering to arranging various programs like student and faculty exchange programs, making world-class education and exposure to varied cultures accessible to students across the world. The collaborations is highly committed to promoting equity and increased access to our students and stakeholders.

Below are some institutions to whom with SVU has executed MoUs covering various verticals of collaborations and associations as visiting faculty for teaching, student mobility both outbound and inbound, research collaboration, short-term study opportunities, and custom value-add programs. These avenues of collaboration foster ideas and networks for students, faculty, and staff at the institutional level.
